- Trial entry will close when entries fill after the draw period or 9am Pacific Time on Sept 12, 2014 .

- NACSW reserves the right to cancel a trial if minimum entry numbers are not met
- **Note:** We will not be taking payment until you are given a space in the trial. If you are given a space in the trial, you will receive information on how to submit payment. You will then have 5 days to complete your payment to confirm your space in the trial. **Registration Method:** All registration will be on-line via the link provided to the NACSW™ trial registration form. Paper and phone entries will not be accepted. Completing the form is not a guarantee of entry. You will receive an auto-response email confirming that we received your trial entry after registration - this email does not confirm your space in the trial. There will be a separate confirmation from smith.sharona@gmail.com to let you know if your entry has been given a space in the trial.

Entry Method:

Trial spaces will be awarded in the following manner:

- Spaces will be awarded by a random draw of all Qualified Entries (see below) received between 9AM Pacific time, Aug 29, 2014 and 9AM Pacific Time on Aug 31, 2014.
- In the event that you are having technical difficulties with the entry system, please email trialEntry@nacsw.net prior to the end of the draw period.
- If a trial level is not full after the draw of Qualified Entries, then there will be a Secondary Draw of any entries received that did not meet the ORT or title requirements. These entries will be accepted pending completion of the requirements.

Note: If you are entered in another trial before this one and earn the title for the level/element you are entering at this trial, you will forfeit your space in this trial. If there is space remaining after all Qualified Entries are accommodated then you will be given the option of keeping your space and retesting at that title level. If you cancel your entry or forfeit your space after the refund period has ended then no refunds will be issued.

- After all entries received during the draw period are processed, if the trial level is still not full, entries will continue to be accepted in the order they are received through the closing date or when entries fill.
- You may enter multiple dogs for entry in the draw. However, only one dog/handler per level/element will be accepted into the trial. Entry will go to the dog selected in the draw – you may not swap to an alternate dog. In the event that multiple dogs are selected in the draw, you may select which dog you wish to enter. Once a dog has been entered as a second dog/handler entry, you may not swap handlers after the draw to change the entry to a first dog/handler unless the trial is not full. In the event that a trial weekend includes two trials of the same level/element, then second dog/handler entries in the alternate trial of the same level/element may be accepted after all first dog/handler entries received by Aug 31, 2014 are accommodated.
- Dogs may be given a space in multiple trials of different level/elements during a trial weekend. No dog may enter the same element at two different levels on the same trial weekend.
- Some trial entries may be given priority entry based on contributions to the organization and the trial process.

- If space remains after all qualified entries are accommodated on Aug 31, 2014, then we may accept entries for those who have earned the current title level – and wish to retest at the same level. Entrants retesting at the same level will be For Exhibition Only (FEO) and will not be eligible to receive title or placement ribbons. FEO results will not be included in the posted trial results.
- For a period of time we will allow entry into the Element Specialty Trials based on your NW1™, NW2™, NW3™ title level. So, those with a NW1 title may opt to enter the Level 2 Element Specialty Trials. Those with a NW2™ title may opt to enter the Level 3 Element Specialty Trials. All competitors have the option to start with Level 1 Element Specialty Trials. Once a qualifying score has been earned at a level/element, the dog will not be allowed to enter at a lower level for that element.

A Qualified Entry is one that meets all of the following criteria

1. Complete the on-line trial entry between 9AM Aug 29, 2014 and 9AM Pacific Time Aug 31, 2014
2. The Handler is a NACSW™ member for the 2014-2015 membership year (8/1/14- 7/ 31/15).
3. The Dog is registered with the NACSW™
4. The Dog has passed the appropriate ORT for the level entered at least 14 days before the trial opens for entries.
5. The Dog has earned the prior title level at least 14 days prior to the trial date.
6. Qualified entry for Level 1 – Dog has not earned the Level 1 title for the Element.
7. Qualified entry for Level 2 – Dog has earned a NW1 title level OR has earned the Level 1 title for the Element, but has not yet earned the Level 2 title for the Element
8. Qualified entry for Level 3 – Dog has earned a NW2 title level OR has earned the Level 2 title for the Element, but has not yet earned the Level 3 title for the Element

You will be notified via e-mail of the results of the random draw by 5:00PM (pacific time) Sept 6, 2014. If you are given a space in the trial, you will receive information on how to submit payment. You will then have 5 days to complete your payment to confirm your space in the trial.

A waiting list for alternates will be started as soon as entries fill.

Alternates will be contacted when a space opens. **Note:** Depending on last minute trial logistics, we may opt to not fill all canceled spaces.

Be sure you read and understand the guidelines for this trial before entering. By submitting a registration for this NACSW™ Trial, you acknowledge that you have read, understand, and accept the policies and liability information of NACSW™.

Trial Conditions:

At an Element Specialty Trial, there will typically be 3-5 searches for each trial. This number may vary to allow for more locations to be obtained for trials. Difficulty will be adjusted by the Certifying Official through selection of areas, hide placement, etc. Search areas will tend to be varied in environment for each trial. For example, for a Level 1 Container search you might have container searches in large spaces, small spaces, inside, outside, with elevation, etc. Modeled after real-life detection work, K9 Nose Work® trials are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Trials frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for the physical demands and must be able to navigate the terrain with their dog accordingly. Participants should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at trials. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers agree that they are entering this trial at their own risk.

Liability:

By registering for the trial, the competitor hereby assumes all risks of, and responsibility for, accidents and/or damage to her/himself or to her/his property or to others, resulting from the actions of her/his dog. The competitor expressly agree that the NACSW™, Sharon Smith, Foothill Fido Dog Training, and its assignees or any other person, or persons, of said groups, shall not be held liable personally, or collectively, under any circumstances, for injury, and/or damage to her/himself, for loss or injury to property, whether due to uncontrolled dogs or negligence of any member of said groups, or any other cause, or causes. The competitor also agrees to assume all financial liability that may be incurred by the NACSW™ due to the actions of themselves or their dogs regardless of the cause.

Dog Policies

Dog Policies:

- All dogs must be on a 6' leash at all times when not being tested. NO flexi-leashes while not participating in a competition search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating testing space, interrupting a test, or from viewing any part of the testing.
- Please leave unentered dogs at home.
- Competitors should expect to keep their dogs confined in a crate or vehicle when not competing. The logistics of a trial typically do not allow for dogs to hang out on leash in between searches. Competitors should plan to provide their own shade using canopies or shade cloths.

Females in Season:

Will be allowed to run wearing "pants" at the very end of the running orders after all other dogs have been judged. Females in season will be parked and pottied in areas separate from the other dogs while at the trial if the location logistics permit. Handlers must contact Sharon at smith.sharona@gmail.com so plans can be made for the dog.
